

## INJUNCTION SUIT BRINGS YUMA DAM TO A DEAD STOP

Private Company Ties Up Gov-  
ernment Work.

TUCSON TO HAVE IMPORTANT  
SPECIAL BOND ELECTION

Correspondence Morning Journal.  
Tucson, Ariz., Nov. 15.—An injunction has been secured by the Irrigation, Land and Improvement company, owning large tracts of land in the Colorado valley, restraining the government from proceeding with work on the big Yuma dam project. The whole undertaking has been brought to an abrupt halt by this proceeding and it is feared that work on the great dam may be tied up indefinitely.

Tomorrow Judge Campbell in chambers will hear a motion by the government to dissolve the temporary injunction, which was granted by Commissioner Thomas Mallow at Yuma, upon representations by the private company that the government was unlawfully doing work on the company's land. United States Attorney Nave and Assistant Kibbey are looking after the government's side of the case, and are also being assisted by J. C. Clausen of the reclamation service. It is of the utmost importance to get the matter settled one way or another at once, as thousands of settlers along the Colorado are vitally interested in the quick completion of the dam. The dam which the government is building across the Colorado river is part of one of the largest irrigation projects ever undertaken. Several millions have already been expended, and the dam is not yet completed.

When the dam is finished it will raise the water in the Colorado river above the dam ten feet higher than it is at present, and thereby will afford plenty of water for irrigation purposes for thousands of acres of land on both sides of the Colorado river in California and Arizona.

**Important Tucson Election.**  
One of the most important municipal elections in the history of Tucson will take place tomorrow. The election is a special one to decide whether the city shall issue bonds to the extent of \$175,000 to extend the present water supply system, improve the present fire department and improve the streets. \$150,000 of the amount will be used for the water improvements and \$25,000 for the fire department and the streets. A two-thirds vote is required to pass the bond issue.

**Witchcraft Among Papagos.**  
Witchcraft still prevails among the Papago Indians who dwell on the reservation south of Tucson and in the villages on the great desert to the westward, according to the confession of Jose Luis, chief medicine man of the tribe, who acknowledges that he is the slayer of Josefa Anton, whom the Papagos of a native village near Covered Wells, in the Guadalupe country, accused of being an evil spirit who bewitched them and was responsible for their misfortunes. During the past summer a great many cattle belonging to the Indians sickened and died and starvation stared them in the face. Later some of the leaders of the tribe succumbed to a mysterious disease, and the savages, who still believe in witchcraft, held Josefa Anton, a woman of the village, responsible for the conditions. Luis, the medicine man, believed it his duty to rid the village of the witch, so he led her out into the desert and murdered her. Some of the rangers passing that way learned of the crime and took the chief man of the Papagos into custody. Luis told his story to the district judge yesterday, and pleaded guilty to murder in the second degree and received a sentence of twelve years in the territorial prison.

When you want a pleasant, physio-try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. Sold by all druggists.

## REPORT OF THE CONDITION —of the— STATE NATIONAL BANK

at Albuquerque, in the Territory of New Mexico, at the close of business, November 8th, 1905.

## It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, heals. Ask your doctor about it. We have no secret! We publish the formulae of all our medicines. J. C. Ayer & Co., Lowell, Mass.

## SHAKESPEARE WATER CURE TOMORROW NIGHT

NEW DRAMATIC CLUB WILL GIVE  
THE IMMORTAL WILLIAM  
CONDENSED.

The next and best attraction for the Albuquerque public is the burlesque comedy in three acts, "SHAKESPEARE WATER CURE." The most tragic parts in Macbeth, Romeo and Juliet, Merchant of Venice, Hamlet and Othello are faithfully carried out and enough comedy to balance the parts admirably. The "Ghost Scene" in Hamlet; the balcony scene in Romeo and Juliet; the trial scene in the Merchant of Venice; and the death of Desdemona lived up to faithfully as laid down in the best acting manuscript of the Bard of Avon.

The Lyric Male Quartet composed of Messrs. John W. Boone, J. M. Heithington, J. O. Savelly, and Al Kring in the latest ballads will be worth hearing. St. Mary's hall on North Sixth street will be taxed to its full capacity. The cast is as follows in order of stage appearance:  
Miss Violet De Tullio  
Shylock..... Joseph Friedberg  
Macbeth..... Ralph Tischer  
Portia..... Miss Lucy Coleman  
Juliet..... Miss Helen O'Heron  
Romeo..... Prof. J. H. Crum  
Hamlet..... Joseph McCusker  
Ophelia..... Miss Agnes McCallum  
Othello..... Roy Harman

## REAL OIL EXCITEMENT DOWN IN ROSWELL

EXPERTS LOCATE OIL BASIN  
AND DRILLING WILL COMMENCE SOON.

Isaac Campbell, of Denver, an oil man with 45 years' experience, who is said to be one of the best oil experts in the United States, has been looking for oil signs in the vicinity of Roswell for some time and has located an oil basin in Comanche Draw, 12 miles east of Roswell, beyond the Pecos river. He was induced to come to the city by Lee Reynolds and Dr. J. N. Chipley, of Denver, who became satisfied from what they had seen and heard that oil could be found in this vicinity.

Messrs. Canfield, Reynolds and Chipley, together with four Roswell citizens have incorporated the Roswell Oil company and they expect to begin work inside of three weeks. W. E. Egan, representing the Pittsburg Oil Well Supply company, is in Roswell to watch developments and if oil is found, will bring an \$80,000 stock of oil well supplies to Roswell at once. A great many Roswell citizens have taken oil claims adjoining those of the company and there is considerable excitement over the movement.

Mr. Reynolds and Dr. Chipley were prominently connected with the oil discovery and boom at Boulder, Colo.

## PHELPS-DODGE PREPARING TO FIGHT TAX RAISE

THREE MORE BIG ARIZONA MINING COMPANIES APPLY FOR WRITS OF CERTIORARI.

Application for writs of certiorari were filed in the supreme court by three more of the big mining companies of the territory Saturday.

The writs were ordered returnable on November 17 when the supreme court will convene in this city, says the Phoenix Gazette. The companies entering suit were the Arizona Commercial Copper company, the United Globe Mines Co., and the Old Dominion Copper Mining and Smelting company.

While these companies are all separately organized all are controlled by the same interests, the Phelps-Dodge people and all are situated in Gila county near Globe. These make four suits of the kind to be filed, the Copper Queen Consolidated company having begun suit some time ago. The suits are all filed by William Herring of Tucson, who is the corporation counsel of the Phelps-Dodge interests.

The complaints all set forth that the board of equalization of the territory, sitting on August 17, raised the assessed valuation of the patented mines of the territory without authority of law and accordingly injured complainants. The Arizona Commercial company's property was raised \$996,731; United Globe Mines Co., \$265,384; Old Dominion, \$458,967.05.

This makes eight suits growing out of the action of the board of equalization. Four of this nature and four brought by Attorney General Clark to compel the boards of supervisors of as many counties to place the territorial board's raise on the assessment rolls of the different counties. The rebellious counties are Yavapai, Mohave, Graham and Santa Cruz.

# A Short Shoe Talk

TO ALL WEARERS OF SHOES—men, women and children—did you ever think about shoes long enough to realize that, with all the American boast of superiority in shoe-making, there are only two kinds of shoes made: [1] Shoes to sell at any old price, fit and quality not entering into the matter at all, and [2] Shoes of quality, with fit and finish considered as an essential element of successful shoe-making, with a reasonable cost to the wearer. The first kind can be bought at any store—most shoe makers make them and most retailers sell them for the profit there is in the making and selling; but the second kind, the kind that are guaranteed to wear satisfactorily, fit perfectly, and give the foot that elegant appearance desired by all well dressed persons, are only made by a few manufacturers, and the sale is confined to such retailers as will forego large profits that their customers may wear the best shoes at a minimum cost. **THE GLOBE STORE** is the only store in Albuquerque carrying shoes of quality, with fit and finish considered as an essential element of successful shoe making. At the St. Louis Exposition a committee of experts awarded the **GRAND PRIZE**—the highest prize that could be given—over all other competitors—to the makers of the famous
